

The Journal OF THE *House of Representatives*

Number 27

Thursday, February 24, 2022

The House was called to order by the Speaker at 10:30 a.m.

Prayer

The following prayer was offered by Michelle Voran, the Director of Process & Appointments of the Florida House of Representatives Speaker's Office:

Our Creator, we stand in awe today at Your greatness and Your matchless wisdom. Your judgments are true and righteous. You're rich in mercy and abounding in love for us. Your love never fails. May we pursue sincere love and may our love be without hypocrisy. May we abhor what is evil and cling to what is good. May we be kind to one another in brotherly love. May evil be overcome with good.

Lord, You love justice. Over this state of Florida, I pray that justice would run down like water and righteousness like a mighty stream. I pray for these representatives that you would strengthen them with might on the inside through Your spirit. I pray that they would be rooted and grounded in Your love. I pray that they would be sincere and without offense, filled with fruits of righteousness.

For every person involved in this legislative process, I ask that you increase our love for one another. Let us love one another earnestly with a pure heart. Restore our souls and lead us in Your paths. Preserve us with integrity and a brightness, and keep us. May we do justly, love mercy, and walk humbly before You, God. In Jesus' name I pray. Amen.

Except for the bills listed in Section C, the House shall spend no more than the following times:

- For each bill:
 - Questions and answers - 10 minutes
 - Debate - 5 minutes
- For each amendment:
 - Questions and answers - 5 minutes
 - Debate - 5 minutes

For all bills, along with their associated amendments, the time for questions and answers includes both the question and the answer and shall be no more than the times listed. Neither the question nor the answer shall be protracted in an attempt to use up the time.

Once more than 10 non-bill sponsor amendments are filed, the allocation of time spent on each non-bill sponsor amendment shall be determined as follows:

- 90 minutes divided by the total number of non-sponsor amendments filed.
- The time allocated for each non-bill sponsor amendment shall be divided equally between the open, questions, debate, and close.
- Amendments withdrawn prior to consideration of the bill don't count toward the total.

For the bills listed in Section C, time spent on debate shall be allocated as specified, with the time equally divided. In addition to the allotted time, the sponsor will explain and close the bill, closing not to exceed 5 minutes. After opening, the debate managers identified below (or their designee) shall be alternately recognized until their time runs out. Time not utilized is lost.

- Debate managers may speak in debate and yield time to other Members to debate; no Member may be recognized for debate unless a debate manager yields time to that Member. Recognitions of debate managers must go through the Speaker. A Member may not be recognized more than once in debate on the bill or amendment.
- There are NO Section C bills on the Special Order Letter for February 24, 2022.

REPRESENTATIVE LATVALA IN THE CHAIR

Representative Robinson, F. offered the following:

(Amendment Bar Code: 567941)

Amendment 17 (with title amendment)—Remove lines 106-268 and insert:

(2)(a) Discrimination on the basis of race, ethnicity, national origin, sex gender, disability, religion, or marital status against a student or an employee in the state system of public K-20 education is prohibited. No person in this state shall, on the basis of race, ethnicity, national origin, sex gender, disability, religion, or marital status, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any public K-20 education program or activity, or in any employment conditions or practices, conducted by a public educational institution that receives or benefits from federal or state financial assistance.

(b) The criteria for admission to a program or course shall not have the effect of restricting access by persons of a particular race, ethnicity, national origin, sex gender, disability, religion, or marital status.

(c) All public K-20 education classes shall be available to all students without regard to race, ethnicity, national origin, sex gender, disability, religion, or marital status; however, this is not intended to eliminate the provision of programs designed to meet the needs of students with limited proficiency in English, gifted students, or students with disabilities or programs tailored to students with specialized talents or skills.

(d) Students may be separated by sex gender for a single-gender program as provided under s. 1002.311, for any portion of a class that deals with human reproduction, or during participation in bodily contact sports. For the purpose of this section, bodily contact sports include wrestling, boxing, rugby, ice hockey, football, basketball, and other sports in which the purpose or major activity involves bodily contact.

(e) Guidance services, counseling services, and financial assistance services in the state public K-20 education system shall be available to students equally. Guidance and counseling services, materials, and promotional events shall stress access to academic and career opportunities for students without regard to race, ethnicity, national origin, sex gender, disability, religion, or marital status.

(3)(a) No person shall, on the basis of sex gender, be excluded from participating in, be denied the benefits of, or be treated differently from another person or otherwise be discriminated against in any interscholastic, intercollegiate, club, or intramural athletics offered by a public K-20 educational institution; and no public K-20 educational institution shall provide athletics separately on such basis.

(b) Notwithstanding the requirements of paragraph (a), a public K-20 educational institution may operate or sponsor separate teams for members of each sex gender if the selection for such teams is based upon competitive skill or the activity involved is a bodily contact sport. However, when a public K-20 educational institution operates or sponsors a team in a particular sport for members of one sex gender but does not operate or sponsor such a team for members of the other sex gender, and athletic opportunities for that sex gender have previously been limited, members of the excluded sex gender must be allowed to try out for the team offered.

(c) This subsection does not prohibit the grouping of students in physical education classes and activities by ability as assessed by objective standards of individual performance developed and applied without regard to sex gender. However, when use of a single standard of measuring skill or progress in a physical education class has an adverse effect on members of one sex gender, the educational institution shall use appropriate standards which do not have such effect.

(d) A public K-20 educational institution which operates or sponsors interscholastic, intercollegiate, club, or intramural athletics shall provide equal athletic opportunity for members of both sexes genders.

1. The Board of Governors shall determine whether equal opportunities are available at state universities.

2. The Commissioner of Education shall determine whether equal opportunities are available in school districts and Florida College System institutions. In determining whether equal opportunities are available in school districts and Florida College System institutions, the Commissioner of Education shall consider, among other factors:

a. Whether the selection of sports and levels of competition effectively accommodate the interests and abilities of members of both sexes genders.

b. The provision of equipment and supplies.

c. Scheduling of games and practice times.

d. Travel and per diem allowances.

e. Opportunities to receive coaching and academic tutoring.

f. Assignment and compensation of coaches and tutors.

g. Provision of locker room, practice, and competitive facilities.

h. Provision of medical and training facilities and services.

i. Provision of housing and dining facilities and services.

j. Publicity.

Unequal aggregate expenditures for members of each sex gender or unequal expenditures for male and female teams if a public school or Florida College System institution operates or sponsors separate teams do not constitute nonimplementation of this subsection, but the Commissioner of Education shall consider the failure to provide necessary funds for teams for one sex gender in assessing equality of opportunity for members of each sex gender.

(e) A public school or Florida College System institution may provide separate toilet, locker room, and shower facilities on the basis of gender, but such facilities shall be comparable to such facilities provided for students of the other sex gender.

(4)(a) It shall constitute discrimination on the basis of race, ethnicity, national origin, or sex under this section to subject any student or employee to training or instruction that espouses, promotes, advances, inculcates, or compels such student or employee to believe any of the following concepts:

1. Members of one race, ethnicity, national origin, or sex are morally superior to members of another race, ethnicity, national origin, or sex.

2. A person, by virtue of his or her race, ethnicity, national origin, or sex is inherently racist, sexist, or oppressive, whether consciously or unconsciously.

3. A person's moral character or status as either privileged or oppressed is necessarily determined by his or her race, ethnicity, national origin, or sex.

4. Members of one race, ethnicity, national origin, or sex cannot and should not attempt to treat others without respect to race, ethnicity, national origin, or sex.

5. A person, by virtue of his or her race, ethnicity, national origin, or sex bears responsibility for, or should be discriminated against or receive adverse treatment because of, actions committed in the past by other members of the same race, ethnicity, national origin, or sex.

6. A person, by virtue of his or her race, ethnicity, national origin, or sex should be discriminated against or receive adverse treatment to achieve diversity, equity, or inclusion.

7. A person, by virtue of his or her race, ethnicity, sex, or national origin, bears personal responsibility for and must feel guilt, anguish, or other forms of psychological distress because of actions, in which the person played no part, committed in the past by other members of the same race, ethnicity, national origin, or sex.

8. Such virtues as merit, excellence, hard work, fairness, neutrality, objectivity, and racial colorblindness are racist or sexist, or were created by

members of a particular race, ethnicity, national origin, or sex to oppress members of another race, ethnicity, national origin, or sex.

(b) Paragraph (a) may not be construed to prohibit discussion of the concepts listed therein as part of a larger course of training or instruction, provided such training or instruction is given in an objective manner without endorsement of the concepts.

~~(5)(4)~~ Public schools and Florida College System institutions shall develop and implement methods and strategies to increase the participation of students of a particular race, ethnicity, national origin, sex ~~gender~~, disability, or marital status in programs and courses in which students of that particular race, ethnicity, national origin, sex ~~gender~~, disability, or marital status have been traditionally underrepresented, including, but not limited to, mathematics, science, computer technology, electronics, communications technology, engineering, and career education.

~~(7)(6)~~ The functions of the Office of Equal Educational Opportunity of the Department of Education shall include, but are not limited to:

(d) Conducting studies of the effectiveness of methods and strategies designed to increase the participation of students in programs and courses in which students of a particular race, ethnicity, national origin, sex ~~gender~~, disability, or

Explanation of Vote for Sequence Number 563

The Florida Civil Rights Act ("FCRA") is the underlying statute amended by CS/HB 7, and it is read in conjunction with the jurisprudence of Title VII of the federal Civil Rights Act of 1964. Within this jurisprudence are disparate impact or disparate treatment claims, which call for an examination of the adverse impact of facially neutral policies. Despite efforts to inform the bill sponsor of the potential consequence of perpetuating discrimination in pursuit of "colorblind" policies, the bill sponsor insisted he wanted to focus on blocking discrimination on the "front end"—i.e. discriminatory intent. Irrespective of "intent," the current law recognizes the reality of a discriminatory "effect" of policies, notwithstanding seemingly based on "merit, hard work, fairness, neutrality, objectivity, and racial colorblindness." Anti-discrimination laws were designed to reign in those with nefarious discriminatory intent that use facially neutral policies to narrowly target discrimination. Even without a discriminatory intent, the discriminatory impact is still wrong, illegal, and needs to be corrected. Contrary to CS/HB 7, existing anti-discrimination law requires a substantial legitimate justification for the discriminatory policy or practice, and assessing whether there is a less discriminatory alternative to achieve the same legitimate objective but with a less discriminatory effect.

CS/CS/HJR 1—A joint resolution proposing an amendment to Section 6 of Article VII and the creation of a new section in Article XII of the State Constitution to authorize the legislature, by general law, for all levies other than school district levies, to grant an additional homestead property tax exemption on \$50,000 of the assessed value of homestead property owned by classroom teachers, law enforcement officers, correctional officers, firefighters, emergency medical technicians, paramedics, child welfare services professionals, active duty members of the United States Armed Forces, and Florida National Guard members.

Be It Resolved by the Legislature of the State of Florida:

That the following amendment to Section 6 of Article VII and the creation of a new section in Article XII of the State Constitution are agreed to and shall be submitted to the electors of this state for approval or rejection at the next general election or at an earlier special election specifically authorized by law for that purpose:

ARTICLE VII FINANCE AND TAXATION

SECTION 6. Homestead exemptions.—

(a) Every person who has the legal or equitable title to real estate and maintains thereon the permanent residence of the owner, or another legally or naturally dependent upon the owner, shall be exempt from taxation thereon, except assessments for special benefits, up to the assessed valuation of twenty-five thousand dollars and, for all levies other than school district levies, on the assessed valuation greater than fifty thousand dollars and up to seventy-five thousand dollars, upon establishment of right thereto in the manner prescribed by law. The real estate may be held by legal or equitable title, by the entireties, jointly, in common, as a condominium, or indirectly by stock ownership or membership representing the owner's or member's proprietary interest in a corporation owning a fee or a leasehold initially in excess of ninety-eight years. The exemption shall not apply with respect to any assessment roll until such roll is first determined to be in compliance with the provisions of section 4 by a state agency designated by general law. This exemption is repealed on the effective date of any amendment to this Article which provides for the assessment of homestead property at less than just value.

(b) Not more than one exemption shall be allowed any individual or family unit or with respect to any residential unit. No exemption shall exceed the value of the real estate assessable to the owner or, in case of ownership through stock or membership in a corporation, the value of the proportion which the interest in the corporation bears to the assessed value of the property.

(c) By general law and subject to conditions specified therein, the Legislature may provide to renters, who are permanent residents, ad valorem

tax relief on all ad valorem tax levies. Such ad valorem tax relief shall be in the form and amount established by general law.

(d) The legislature may, by general law, allow counties or municipalities, for the purpose of their respective tax levies and subject to the provisions of general law, to grant either or both of the following additional homestead tax exemptions:

(1) An exemption not exceeding fifty thousand dollars to a person who has the legal or equitable title to real estate and maintains thereon the permanent residence of the owner, who has attained age sixty-five, and whose household income, as defined by general law, does not exceed twenty thousand dollars; or

(2) An exemption equal to the assessed value of the property to a person who has the legal or equitable title to real estate with a just value less than two hundred and fifty thousand dollars, as determined in the first tax year that the owner applies and is eligible for the exemption, and who has maintained thereon the permanent residence of the owner for not less than twenty-five years, who has attained age sixty-five, and whose household income does not exceed the income limitation prescribed in paragraph (1).

The general law must allow counties and municipalities to grant these additional exemptions, within the limits prescribed in this subsection, by ordinance adopted in the manner prescribed by general law, and must provide for the periodic adjustment of the income limitation prescribed in this subsection for changes in the cost of living.

(e)(1) Each veteran who is age 65 or older who is partially or totally permanently disabled shall receive a discount from the amount of the ad valorem tax otherwise owed on homestead property the veteran owns and resides in if the disability was combat related and the veteran was honorably discharged upon separation from military service. The discount shall be in a percentage equal to the percentage of the veteran's permanent, service-connected disability as determined by the United States Department of Veterans Affairs. To qualify for the discount granted by this paragraph, an applicant must submit to the county property appraiser, by March 1, an official letter from the United States Department of Veterans Affairs stating the percentage of the veteran's service-connected disability and such evidence that reasonably identifies the disability as combat related and a copy of the veteran's honorable discharge. If the property appraiser denies the request for a discount, the appraiser must notify the applicant in writing of the reasons for the denial, and the veteran may reapply. The Legislature may, by general law, waive the annual application requirement in subsequent years.

(2) If a veteran who receives the discount described in paragraph (1) predeceases his or her spouse, and if, upon the death of the veteran, the surviving spouse holds the legal or beneficial title to the homestead property and permanently resides thereon, the discount carries over to the surviving spouse until he or she remarries or sells or otherwise disposes of the homestead property. If the surviving spouse sells or otherwise disposes of the property, a discount not to exceed the dollar amount granted from the most recent ad valorem tax roll may be transferred to the surviving spouse's new homestead property, if used as his or her permanent residence and he or she has not remarried.

(3) This subsection is self-executing and does not require implementing legislation.

(f) By general law and subject to conditions and limitations specified therein, the Legislature may provide ad valorem tax relief equal to the total amount or a portion of the ad valorem tax otherwise owed on homestead property to:

(1) The surviving spouse of a veteran who died from service-connected causes while on active duty as a member of the United States Armed Forces.

(2) The surviving spouse of a first responder who died in the line of duty.

(3) A first responder who is totally and permanently disabled as a result of an injury or injuries sustained in the line of duty. Causal connection between a disability and service in the line of duty shall not be presumed but must be determined as provided by general law. For purposes of this paragraph, the term "disability" does not include a chronic condition or chronic disease, unless the injury sustained in the line of duty was the sole cause of the chronic condition or chronic disease.

As used in this subsection and as further defined by general law, the term "first responder" means a law enforcement officer, a correctional officer, a firefighter, an emergency medical technician, or a paramedic, and the term "in the line of duty" means arising out of and in the actual performance of duty required by employment as a first responder.

(g) By general law and subject to conditions and limitations specified therein, for all levies other than school district levies, the legislature may provide an additional homestead exemption on the assessed valuation of greater than one hundred thousand dollars and up to one hundred fifty thousand dollars to a classroom teacher, a law enforcement officer, a correctional officer, a firefighter, an emergency medical technician, a paramedic, a child welfare services professional, an active duty member of the United States Armed Forces, or a member of the Florida National Guard who has the legal or equitable title to real estate and maintains thereon the permanent residence of the owner, or another legally or naturally dependent upon the owner.

ARTICLE XII SCHEDULE

Additional homestead property tax exemption for specified critical public services workforce.—This section and the amendment to Section 6 of Article VII, authorizing the legislature, for all levies other than school district levies, to grant an additional homestead property tax exemption on \$50,000 of the assessed value of homestead property owned by classroom teachers, law enforcement officers, correctional officers, firefighters, emergency medical technicians, paramedics, child welfare services professionals, active duty members of the United States Armed Forces, and members of the Florida National Guard, shall take effect January 1, 2023.

BE IT FURTHER RESOLVED that the following statement be placed on the ballot:

CONSTITUTIONAL AMENDMENT ARTICLE VII, SECTION 6 ARTICLE XII

ADDITIONAL HOMESTEAD PROPERTY TAX EXEMPTION FOR SPECIFIED CRITICAL PUBLIC SERVICES WORKFORCE.—Proposing an amendment to the State Constitution to authorize the Legislature, by general law, to grant an additional homestead tax exemption for nonschool levies of up to \$50,000 of the assessed value of homestead property owned by classroom teachers, law enforcement officers, correctional officers, firefighters, emergency medical technicians, paramedics, child welfare services professionals, active duty members of the United States Armed Forces, and Florida National Guard members. This amendment shall take effect January 1, 2023.

At the request of Rep. Snyder—

HR 8021—A resolution recognizing the week of May 1-7, 2022, as "Tardive Dyskinesia Awareness Week" in Florida.

WHEREAS, many people with serious, chronic mental illness, such as schizophrenia and other schizoaffective disorders, bipolar disorder, or severe depression, require treatment with medications that work as dopamine receptor blocking agents (DRBAs), including antipsychotics, and

WHEREAS, many people who have gastrointestinal disorders, including gastroparesis, nausea, and vomiting, also require treatment with DRBAs, and

WHEREAS, while ongoing treatment with these medications can be very helpful and even lifesaving, for many people it can also lead to tardive dyskinesia (TD), a movement disorder that is characterized by random, involuntary, and uncontrolled movements of different muscles in the face, trunk, and extremities, and

WHEREAS, TD commonly manifests through movement of the arms, legs, fingers, or toes and, in some cases, may affect the tongue, lips, and jaw, and

WHEREAS, other symptoms of TD include involuntary swaying of the torso or hips and involuntary movement of the muscles associated with walking, speech, eating, and breathing, and

WHEREAS, TD can develop months, years, or decades after a person starts taking DRBAs and even after discontinuing the use of those

medications, and, while not everyone who takes a DRBA develops TD, those who do often find the aftereffects are permanent, and

WHEREAS, people at higher risk for TD include those who are at an advanced age, those who struggle with alcoholism or other substance abuse disorders, those who struggle with mood disorders, and women who are postmenopausal, and

WHEREAS, a person's risk for TD increases after taking DRBAs for just 3 months, and the longer the person takes these medications, the higher the risk, and

WHEREAS, it is estimated that more than 600,000 people in the United States suffer from TD, and the National Alliance on Mental Illness estimates that one in every four patients receiving long-term treatment with an antipsychotic medication will experience TD, and

WHEREAS, TD is often unrecognized, and patients suffering from the illness are commonly misdiagnosed, and

WHEREAS, patients suffering from TD often suffer embarrassment due to their abnormal and involuntary movements, which leads them to withdraw from society and increasingly isolate themselves as the disease progresses, and

WHEREAS, caregivers of patients with TD face many challenges and are often responsible for their overall care, and

WHEREAS, years of research have resulted in recent scientific breakthroughs, with two new TD treatments approved by the United States Food and Drug Administration, and

WHEREAS, hospitals in Florida currently provide services to diagnose, treat, and study this disease, and

WHEREAS, the National Organization for Tardive Dyskinesia is headquartered in Florida and uses its website, TDHelp.org, to provide resources for individuals living with TD in the state and around the world, and

WHEREAS, the American Psychiatric Association recommends regular screening for TD for patients taking DRBAs, NOW, THEREFORE,
